IMPORTANT INFORMATION

(ALL VIEWED OUTSIDE)

Wide Transom:	All window frames use 70mm Transom as standard. All Door Midrails and Sidelight Midrails use 108 mm Transom as standard. Hence state clearly any Non Standard Transoms/ Midrails
Overall Frame Size:	White Frames must not exceed 6sq metres or over 3500 wide. Woodgrain must not exceed 4sq metres or over 2500 wide.
Fire Escape / Egress Hinges:	When ordering fire escape sashes for new build the minimum size are 650 wide & 1050 high (to comply with the Fire Regulations). Any fire escapes ordered below these sizes will be taken automatically as replacement jobs.
Z Section:	All sizes given must include for Z Section.
French Doors:	State main opener and if open in / open out. If the main opener is not ticked it will be taken as LHS.
Doors:	All doors with a fan light will be taken as a 2100 high door with the remaining height as your fan light however 180mm is the smallest a fan light can be made. A letter box can only be fitted to a side light if it is greater than 450mm. Doors with a side light cannot be made as one unit if an aluminium threshold is required.
Doors and Sidelight:	Anything over and above the maximum width dimensions below will be made as two separate units.
Additional Information:	Please use the box at the bottom of the order form for any additional information.
Responsibility:	We cannot accept responsibility for any non compliance with the above points.
Other Information:	If neither the internal / external box is ticked the order will be taken as internal. Trickle vents must be clearly marked on this form. The sash widths and drops stated overleaf apply also to tilt and turn windows.
Glass:	Please state clearly what glass is required eg clear, OBS, toughened, Geo Bar etc. If not clearly stated glass will be ordered clear.
Sizes:	All sizes must be clearly stated and in millimetres.

INTERNAL / EXTERNAL FRAMES MUST BE ORDERED SEPERATELY. MAXIMUM 6T/T PER ORDER SHEET
